

GRADUATE STUDIES

- Another "phase transition"

- GRADUATE STUDIES

≡ "STUDY THE UNKNOWN"

VS "STUDY THE KNOWN"

- What unknown should I study?

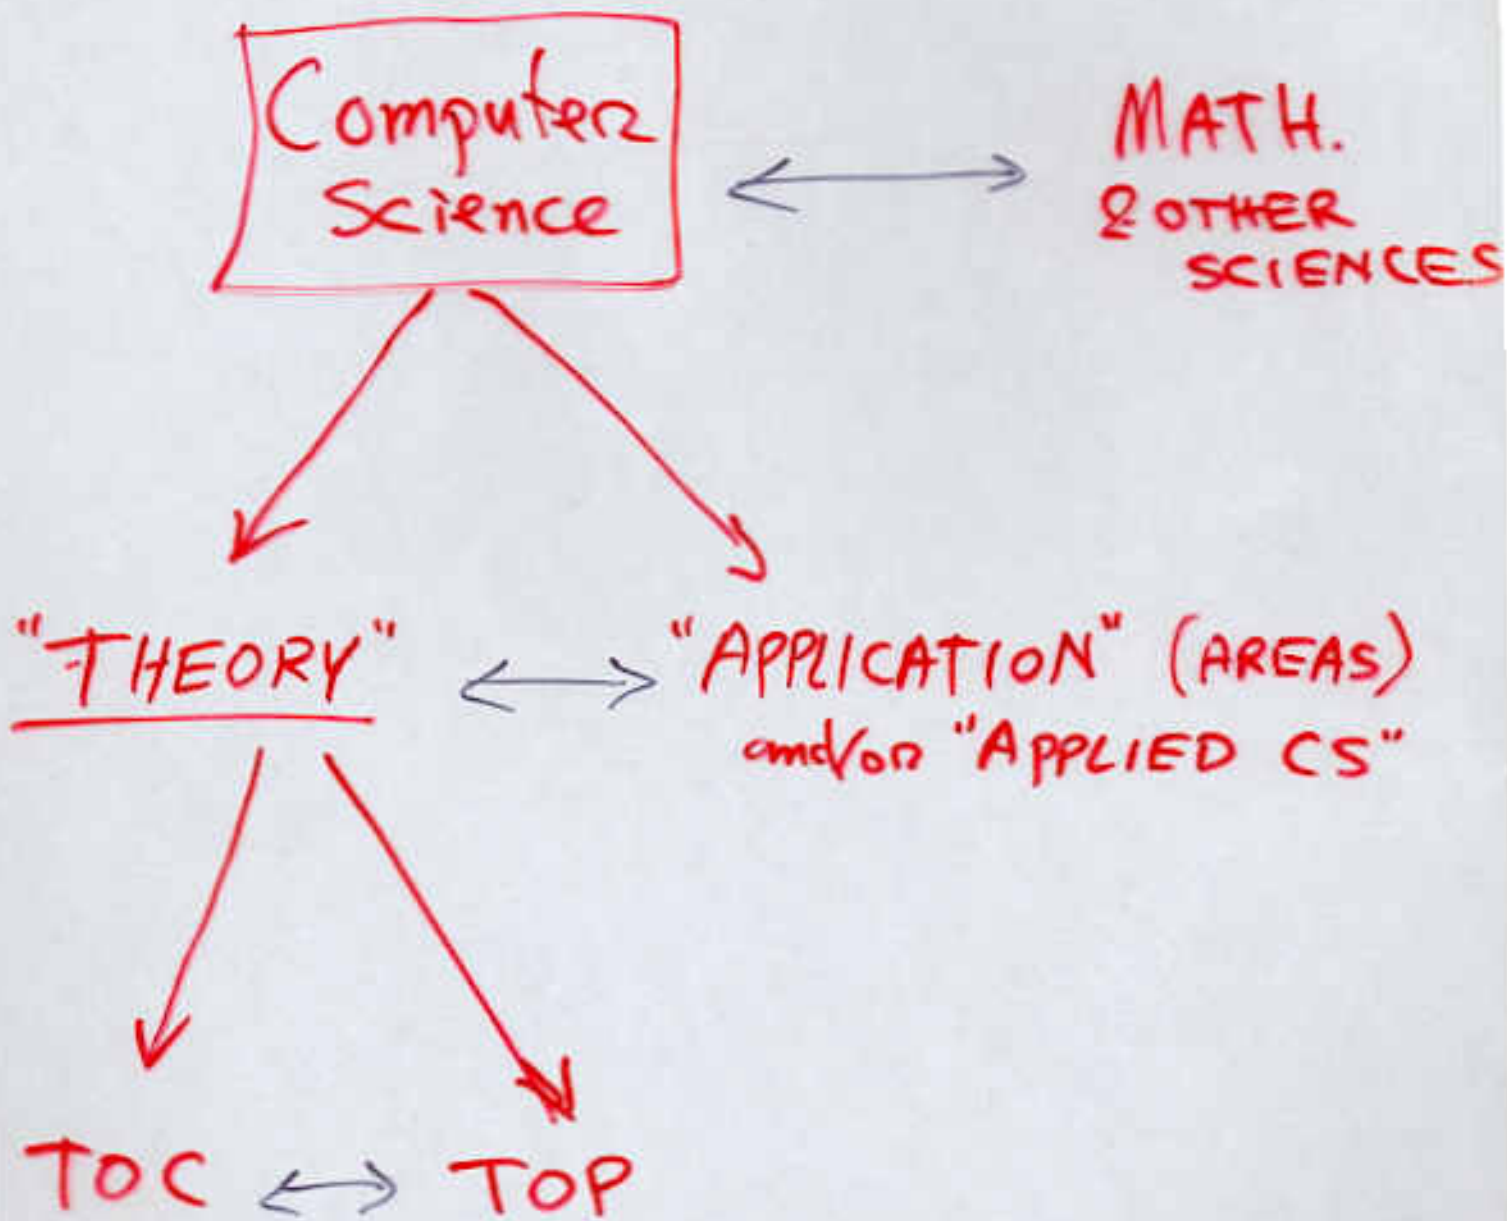

— unknown... (i.e. the specific is...)

— what you can decide is typically (only) the general area

— how to decide on an area?

? maybe by courses?

THE BIG PICTURE

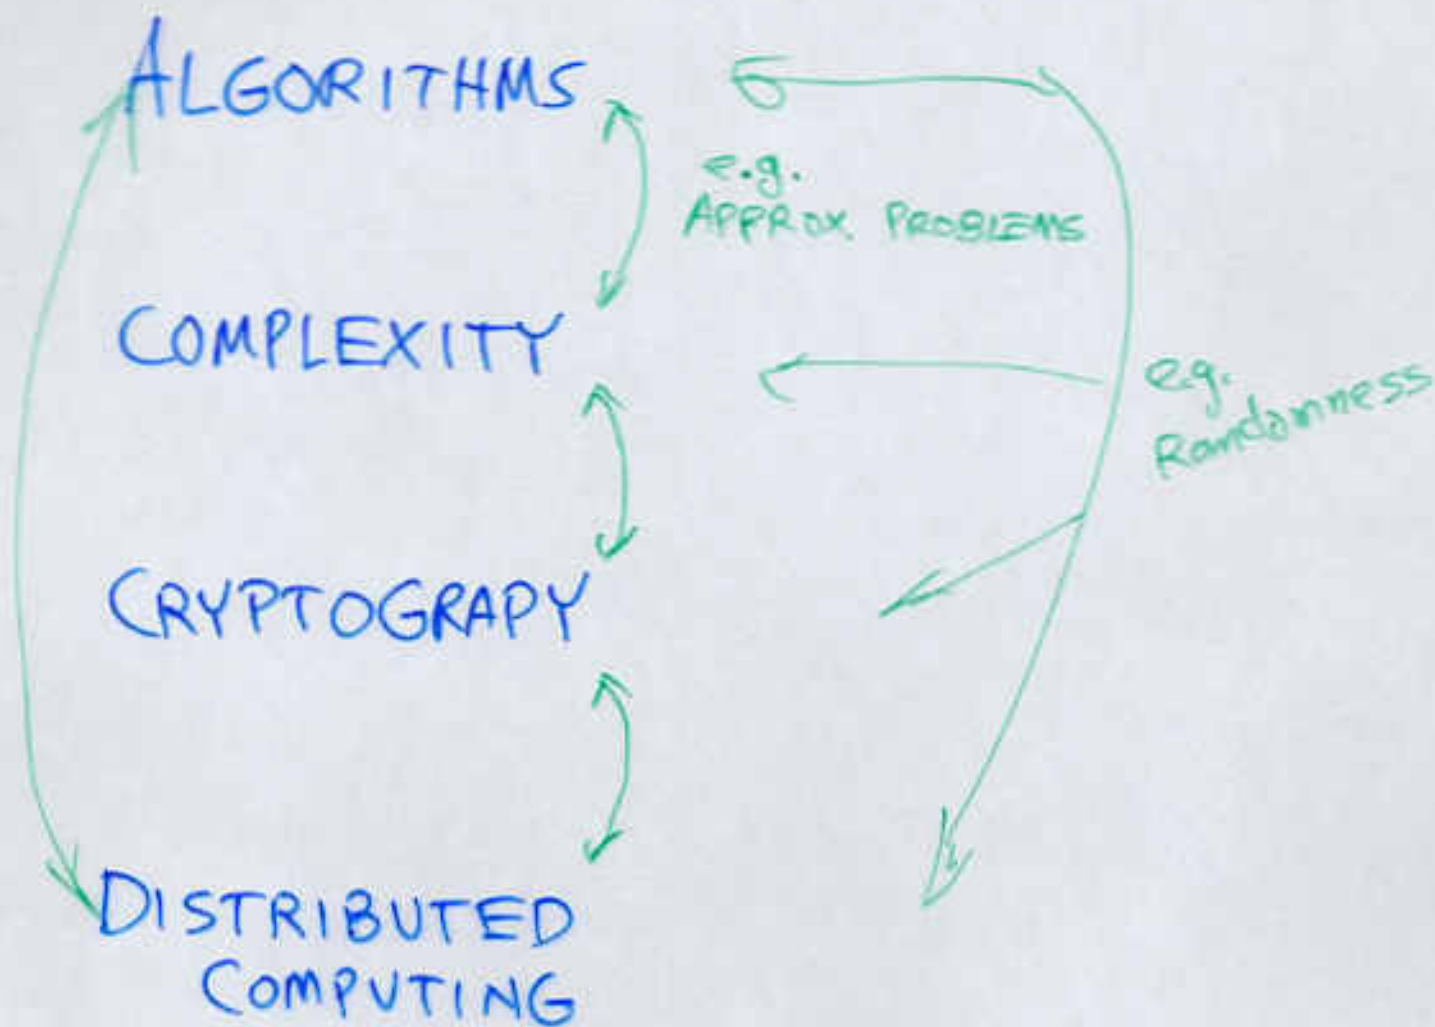

• TOC = THEORY OF COMPUTATION

• TOP = THEORY OF PROGRAMS/PROGRAMMING
